## Vineyard Notes

The harvest began mid-September in the earliest ripening areas with the Merlot grapes, then spread to all the vineyards from 23 to 27 September, including Cabernet Franc and Cabernet Sauvignon. 2019 is a high-quality vintage with promising potential. Still young, these red wines are smooth, well-balanced and low in alcohol. Their fine structure guarantees good ageing potential. They also boast a magnificent deep red colour

## About the Wine Maker

Vincent Lacoste took over in 2008 and decided to convert into organic in 2010.

## Winemaking Notes

Cold macerations, fermentations in stainless steel tanks with temperature control

## Tasting Notes

Very bright, intense garnet color, characteristic of merlot grape which dominates in the wine.
